

Lego® - based Therapy Training

DATE: 24th of June 2019

TIME: 9.30 am—3.45 pm

LOCATION: YHA Manchester, Potato Wharf, Castlefield, Manchester, M34NB

COST: £164 pp

How to run Lego®-based Therapy groups, a social programme for children in primary school or other community settings with autism spectrum condition and other special needs.

This course is suitable for professionals working in the field of special needs, such as speech and language therapists, psychologists, teachers, teaching assistants, parents, etc.

Lego®-based Therapy is suitable for 4+ year olds with social communication difficulties, language difficulties, learning difficulties or emotional and behaviour difficulties.

This course will focus on using Lego®-based Therapy for children aged 4-11 with higher and lower level of functioning. By the end of the training, you will have all you need to set up and run your own Lego®-based Therapy clubs in your setting. This will include a certificate, necessary resources and assessment tools which will give you a chance to show evidence and progress of each targeted child.
